West Hollywood, CA 93405

Cloud 9 Events is a groundbreaking new company. We are not like other event planning services, as we specialize in creating fan focused events and activations. Our mission is to create the most memorable interactions with fans and their idols that they'll leave feeling like they're on Cloud 9.

While the fans are the ones who will benefit immensely from experience, our clients will be the talent and their management teams. These talents can include music artist, actors, online personalities, and athletes. Depending on what their work dynamic is, we will work both with the talent and their different members of their team.

Cloud 9 Events plans events but aims to tailor each event specifically to each of our clients. With us, the sky is the limit.
